## WORK EXPERIENCE :

## Internshala

**Full stack Web Developer Intern** • Remote  
June'23-Aug'23

- During my Internshala internship, I immersed myself in full stack web development. I created a user-friendly hotel booking and finding website, mastering HTML, CSS, JavaScript, Node.js, and Express.
- By implementing CRUD functionality, I empowered users to manage bookings seamlessly.
- This experience has enriched my skills and passion for delivering efficient and creative web solutions.

**BharatIntern**

**Front-end Web Developer Intern** • Remote  
June'23-July'23

- At BharatIntern, I successfully completed two significant web development projects. I created a temperature converter, showcasing my proficiency in HTML, CSS, and JavaScript.
- Additionally, I developed a Netflix clone, gaining expertise in front-end frameworks and database integration.
- These projects enhanced my problem-solving skills, reinforced my technical abilities.

## InternPe

**Front-end Web Developer Intern** • Remote  
May'23-Jun'23

- At InternPe, I immersed myself in JavaScript's diverse capabilities for web development.
- I built a dynamic calculator, showcasing interactive components and user-centric design.
- Additionally, I created a responsive e-commerce clothing website, leveraging JavaScript to enhance interactivity and seamless navigation across devices.

# Vivek Gupta

A Third-year college student having internship experiences in Front-end Web Development dedicated to crafting user-friendly and visually appealing websites.  
Candidate having strong problem-solving and collaboration skills.

**Location:** Sector-A 505 Vasupujya Apartment  
Silicon City , Indore
